RESPECT FOR THE ENVIRONMENT

SIMPLE GESTURES TO HELP THE PLANET!

For more than a decade, the Tour de France has been implementing measures designed to reduce its environmental footprint.

Along with organisations such as the Assembly of the Departments of France (ADF), the Connexions and Gestes Propres - Vacances Propres, you can also be a major player in our campaign.

On the Tour:

- I sort out recyclable packaging (plastic, glass, paper, cardboard) and batteries;
- If I'm a smoker I throw my butts in an appropriate place or keep them.

I AM A RIDER

- When I want to dispose of rubbish (bottles, packaging) **during the race**, I make use of the collection points at the beginning and the end of feed zones, as well as the collection point located 20 kilometres from the finish or at the foot of the last climb on mountain stages;
- **Away from these areas**, I hand my rubbish to a following car or I keep it in my jersey pockets.

I AM A RACE FOLLOWER

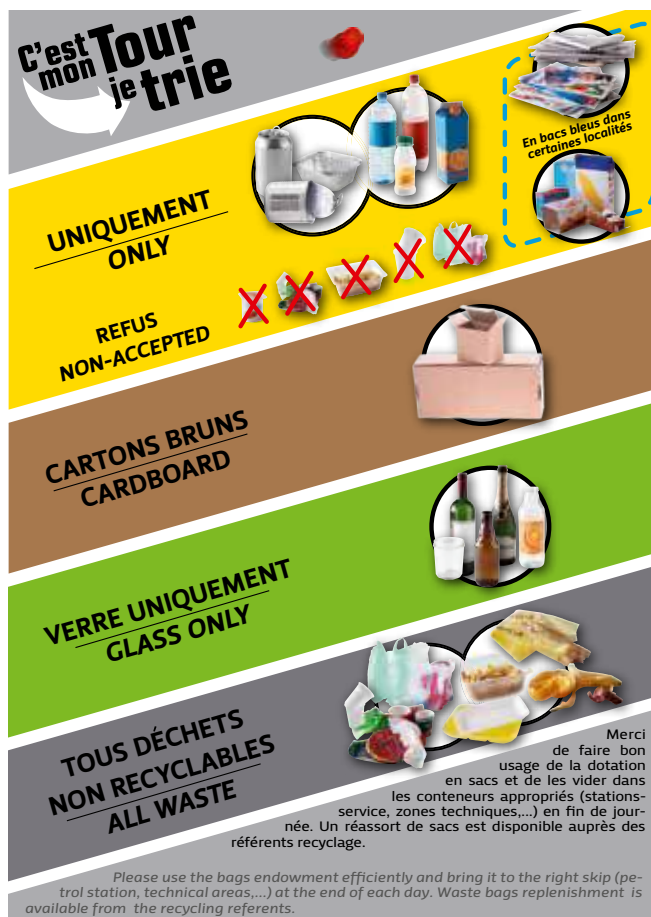

- I turn off my car engine if I'm stopped for more than a minute;
- I encourage car-sharing whenever possible;
- I behave responsibly with regard to the environment by reducing my speed (less pollution, less consumption);
- I use the rubbish bags handed out at the start of the Tour and can get another one if necessary from the Point Info Tri or from a member of the waste management team;
- I also use the recycling bins that are available in all areas (the Tour Village, finish areas, petrol stations, the relais-étape mid-stage stops...). If there aren't any bins available, I keep my rubbish and dispose of it later.

I AM A MEMBER OF THE PUBLICITY CARAVAN

- I sort out packaging (cardboard, plastic wrapping and pallets) and put it in the skips provided for this purpose in the caravan's parking area;
- I adjust the distribution of the products I'm handing out depending on the terrain (crossing watercourses, passing close to cliff edges...) and the number of people on the roadside;
- I encourage the public not to throw packaging on the ground following the distribution of goodies.

If I have any concerns or specific waste requirements (electronic equipment, lights, fridge, etc.), I will contact those responsible for waste management:

- At the start - Miss Camille ROUX : +33 (0)7 85 98 15 86
- At the finish - Fabien BELLAMY : +33 (0)6 76 25 99 26

THE TOUR DE FRANCE OF BIODIVERSITY

In partnership with

The Tour de France and France Télévisions are collaborating with the National Museum of Natural History

GREATER AWARENESS MEANS BETTER PROTECTION

The National Museum of Natural History's aim is to make the public more aware of the richness of its natural heritage. By logging onto the website of the National Inventory of Natural Heritage (INPN), anyone can find out about the natural spaces, species and geo-diversity that can be found near their home. In creating the series "The Tour de France of Biodiversity", the museum is aiming to promote more widely a resource that is to everyone's benefit so that "greater awareness means better protection".

21 SUBJECTS FOR 21 STAGES

Early on in each day's live broadcast on France 2 and France 3, a light-hearted and informative infomercial will reveal "The Tour de France of Biodiversity" to viewers, who will find out about a particular species of animal or a symbolic plant in the area being visited by the race. The geological heritage of the Tour's landscapes will also be highlighted during the broadcasts.

A GOOD-CONDUCT CHARTER

- 1 **Respect** the rules of protected natural spaces
- 2 **Admire** wild fauna and flora but don't disturb them
- 3 **Avoid** parking in natural areas
- 4 **Dispose** of paper and rubbish in appropriate places
- 5 **Don't** light fires
- 6 **Use** public transport whenever possible
- 7 **Keep** our streets clean
- 8 **Keep** an eye on our pets
- 9 **Learn** about the natural environments you venture into
- 10 **Encourage** sportsmanship and the riders!

FRANCE'S CHAMPIONS ARE FULLY COMMITTED!

The sporting members on the Paris 2024 candidacy committee and France's National Fishing Federation are fully committed to the environment.

CENTRE DES MONUMENTS NATIONAUX

THE NATIONAL MONUMENTS AT THE HEART OF THE RACE

As France's leading cultural and tourist network with 10 million visitors a year, the Centre for National Monuments (Centre des monuments nationaux) both preserves and opens up to the public almost 100 exceptional monuments, as well as their parks and gardens. Thanks to their diversity, they illustrate the richness of French heritage.

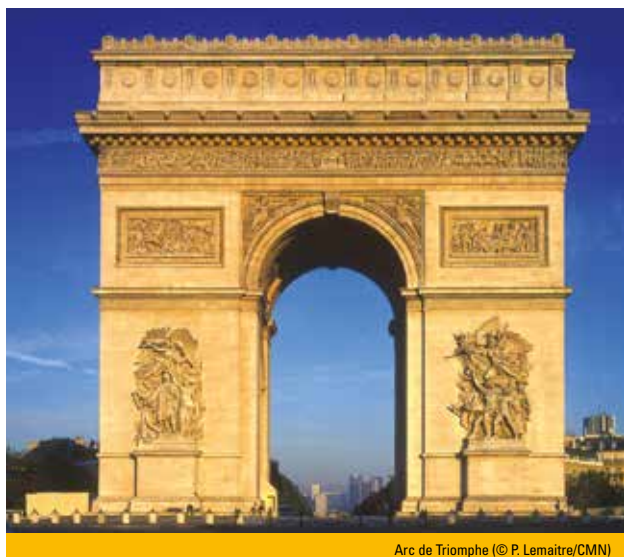

As it criss-crosses the nation, the Tour de France allows the devoted fans who are following it to discover many sites and monuments. Featuring within the backdrop to the 2017 Tour de France are: the Château de Bussy-Rabutin (Côte-d'Or), the prehistoric sites and cave paintings of the Vézère valley (Dordogne), Beaulieu-en-Rouergue Abbey (Tarn-et-Garonne), the cloister of the Cathedral in Le Puy-en-Velay (Haute-Loire), the fortified town of Mont-Dauphin (Hautes-Alpes), the Château d'If (Bouches-du-Rhône) and the monuments of Paris, notably the Arc de Triomphe, around which the riders will race eight times before reaching the final finish line on the Champs-Élysées on Sunday 23 July.

WHAT TO SEE AND DO

Lascaux, International Centre of Parietal Art in Montignac

The most spectacular and the complete replica of the famous Lascaux cave, the new International Centre of Parietal Art, also known as Lascaux 4, opened in Montignac at the end of 2016. It offers, for the first time in 18,000 years, the opportunity to appreciate in precise detail the complete works of the men (or women) who created this masterpiece of parietal art. A preferential entrance fee is available upon presentation of a Tour de France pass at the centre's reception area on Monday 10 July.

Rendez-vous with nature

There are four sites combining nature and aquatic activities for those looking to unwind before getting back on the road: to the north are Lake Saint-Estèphe at Saint-Estèphe and Lake Rouffiac at Angoisse; Lake La Jemaye at La Jemaye and Lake Gurson at Villefranche-de-Lonchat lie to the west.

Exhibition of contemporary art in Biron

From 1 June until November, Biron's majestic château, which lies to the south of Bergerac and is classified as a "Significant Monument in Aquitaine", will be presenting works by the greatest contemporary artists, such as Georges Braque, Jean Dubuffet, Fernand Léger, Joan Miró and Antonio Tàpies. www.semitour.com / +33 (0)5 53 63 13 39

Périgueux, city of art and history

The Gallo-Roman Vésone Tower, the Mataguerre Tower, the Château Barrière, the Saint-Front Cathedral, a UNESCO World Heritage site thanks to its position on the Camino de Santiago, the Church of Saint-Étienne-de-la-Cité... Périgueux is packed with architectural treasures and also features three museums classified as "Musées de France", including the Gallo-Roman Vesunna site/museum.

Discover the historic heritage and vineyards of Bergerac

A magnificent Renaissance town centre where the statue of Cyrano stands on a street corner, Bergerac also features the Tobacco Museum and, of course, the Bergerac Maison des Vins, where the 17 appellations from the Bergerac and Duras vineyards can be savoured. This site merits a visit in itself: the Récollets cloister is a superb example of 12th century monastic architecture.

Eymet, a bastide nestled on the banks of the Dropt

A 13th-century bastide (fortified town), with two classified châteaux and a Roman bridge: the medieval city of Eymet is the gateway to the southern Périgord. Explore the town with the help of the discovery guide, which can be picked up at the tourist office.

la Gendarmerie

présente sur le Tour
de France depuis 1903

La Gendarmerie nationale met en place un dispositif à la hauteur de cet événement en mobilisant l'ensemble des groupements de gendarmerie départementale traversés.

A ce titre, un officier de la direction générale de la gendarmerie nationale conseille les organisateurs pour les questions de sécurité.

Depuis 1953, 45 gendarmes de l'escadron motocycliste de la garde républicaine assurent le bon déroulement de la course, y compris en matière de sécurité routière, développant ainsi un savoir-faire unique et reconnu.

Un service d'ordre composé de 11 000 gendarmes est déployé sur le terrain, complété par un dispositif aérien composé d'hélicoptères.

Les brigades territoriales ainsi que les brigades de recherches compétentes sur l'itinéraire effectuent les enquêtes judiciaires relatives aux faits constatés sur le Tour de France.

Enfin, au sein de la caravane publicitaire, la gendarmerie diffuse des messages de bon sens et de prudence à l'attention des spectateurs, enfants et adultes. En appui de ces messages, l'opération « Témoins de sécurité » rappelle concrètement les règles essentielles de sécurité à observer au passage des coureurs et des véhicules.

LE PUY-EN-VELAY

THINGS TO SEE AND DO

Visit the historic town

Le Puy-en-Velay is the starting point of the "Via Podiensis" to Santiago de Compostela in Spain. You will be able to discover the stunning chapel of Saint-Michel d'Aiguilhe, the UNESCO World Heritage Site of Notre-Dame-de-l'Annonciation Cathedral and its cloister, the Corneille rock and the Notre-Dame de France statue. The whole of the upper town lies within a protected area extending to 35 hectares, where the architectural elements of the old buildings are safeguarded.

Puy de Lumières

A free light-show running throughout the city. Five historic sites will be enhanced by sound and lights: the cathedral, the Saint-Alexis Chapel, the Saint-Michel d'Aiguilhe rock, the town hall and the theatre. Takes place every evening from nightfall to midnight between 12 May and 30 September. www.puydelumieres.fr

Picasso Exhibition at the Hôtel-Dieu

Running until 11 October in the remarkable Hôtel-Dieu building is the superb "Picasso and Maternity" exhibition, which features about 40 of the artist's works.

The Beaume waterfall

A unique walk at a spectacular site about 15km from Le Puy-en-Velay. At an altitude of 900m, the Beaume waterfall is the result of erosion. Its waters cut through the basalt and gush from the top of a cliff, falling for 27 metres before reaching the Loire. There's a 10km marked trail or it can be accessed in 20 minutes from a car park.

Lake Bouchet

Twenty minutes from Le Puy-en-Velay, an ancient crater that was the result of a volcanic explosion at an altitude of 1,200 metres has become a natural lake. Its waters are perfect for a refreshing swim, and there are numerous walks and hikes.

Polignac Castle

6 kilometres from Le Puy-en-Velay, this medieval fortress, with a path around it and a unique defensive system, stands on a basalt pedestal. It was the home of the Polignac family, one of the most illustrious in French history. Perched 32 metres above the surrounding countryside, this 14th century keep offers an exceptional panorama. www.fortressedepolignac.fr

Le Puy-en-Velay golf course

A few kilometres from the city centre, the golf course offers a unique view across the Le Puy-en-Velay basin, its famous volcanic peaks and monuments. With its dry stone walls that are typical of the Velay, the nine-hole course, which is more than 3,000 metres long, will seduce both amateurs and experienced golfers. www.golfdupuyenvelay.com
